TOUGH ON DOGS . . . and Kids
Over in the Play Time column we have a paragraph on the natural advantages of owning a pet along the

lines of a dachshund in these days of disappearing greensward, time to spend on dogs, and trees. A dachshund is built to stay with you if you suffer rotundity, cigaret lungs, or other frailties of this dissipated age.

He also has a sleek coat that doesn't give the davenport a blanket of hair, and he is small enough to make a mistake without fear of inundation. But he will make such errors unless he is walked and run within his limitations, and thereby hangs our tale.

It seems we are running out of fields in this borough of Warren, as is the case in most urban spots where people build homes and fence each other in. This comes as no news to people with youngsters whose problem is a place to romp in safety.

The street still is too obvious a place for many a group with ball and bat, or just a small pair of pigtailed to catch. It is the nearest open spot which young legs will utilize for a full burst of speed and with little thought of right-of-way.

Backyards work well for two or three up to a very tender age, but when the spirit of Marco Polo moves in, the legs grow longer, and the gang expands, most back lawns, brightened with flower beds, and bordering on costly windows, no longer suffice, either for the young in heart or the adult out of patience. Away they go!

But to where? In Warren we try to provide playgrounds, though there are those among us who believe they are costly extravagances and would put them to industrial or residential use. The fields melt and the playgrounds grow in importance. They are the center of most youth activity, and much adult.

ENTER, THE DOG

Into this congested picture strolls the gentleman with his St. Bernard or my lady with her poodle, or something less. They, too, seek adventure, exercise, and fresh air. They also seek the tender sod and the comfort therefrom.

This poses a problem.

No one wants doggy to stay at home for such procedures. And no dog wants to. It goes against his finer instincts. He also wants to run and roll there.

Of course you can surreptitiously slip him out the back door after dark and let him seek a neighbor's corner. But many have applied modern child psychology to the training of their pets and the meaning of the word "come" has been lost on the ears of too many pooches. The big, dumb brute probably wouldn't come home.

Anyway, the law says a dog must be kept under control, and most conscientious owners walk their best friend. With too little time for a romp in the nearby country, they clamp on a leash and head for the nearest field.

As we have pointed out, the nearest field now is very apt to be a playground. And playgrounds, of course, are provided as mediums for running, sliding, rolling, wrestling, sitting, somersaulting, or just spreading out prone, either to recover one's wind or to sleep off the last bottle of pop or popsicle.

It easily is seen that complications are arising. Competition for the green pastures now develops between the barefoot boys with cheeks of tan and the playful pup with a yearn for sand. And its not funny if you happen to be the boy who is rounding first and is heading for second . . . and doesn't make it.

It also is not funny for mother who has laundry problems and naturally is concerned about her child's health. And despite our effort to approach this in a semi-facetious spirit, it has become a problem of sufficient proportions to attract the attention of some officials whose job it is to provide clean and adequate play areas for our communities.

For the moment the simple answer is to request all dog owners to find some portion of the good earth other than the playgrounds for exercising their hounds. The play fields were not financed and built for that purpose.

There still are a few building lots, not big enough for a ball game perhaps, but certainly large enough for Fido. And those who truly love animals certainly know they shouldn't own them if they have neither the time nor the space to devote to them.

A little common sense on the part of dog owners will obviate the passage of special rules and regulations. But if the abuse continues we are certain that council will be urged to enact controlling laws or to insist on the enforcement of some that already may be on the books.

As our community closes in and takes on the characteristics of a small city, the lot of child and dog is complicated. We can see ahead by providing open areas for the child, but there are places where the dog just does not belong. Those who insist on owning such pets must face the necessity of making sacrifices, such as daily trips into the country for exercise, or the ownership of sufficient land within the city limits to adequately serve the purpose.

DISTRICT TWO OFFICERS who were elected at a district meeting of the Fraternal Order of the Moose in the Warren lodge Sunday were (l. to r.) seated -- Ben Mercer,

Western Pennsylvania Endowment fund chairman; Jim McGonnel, district governor; Pat Bearer, secretary of the Western Pennsylvania association; Tony Bevec, deputy su-

preme governor of the Western association; standing -- Wayland McGowan, district secretary; Stan Peterson, junior district governor; Frank Ellis, past district governor; and G. Newton Odell, prelate district two.

LADIES WHO SERVED the dinner to members of district two at the Warren Moose lodge Sunday were (l. to r.) Mae Speaker, Crissie Giardullo, Esther Odell, Laota Minnick, Ann Stigelmier, Anna Mae Schafer and Mary Lauffenburger.

INITIATED into the Sigma Chapter of Alpha Phi Gamma, national co-educational honorary journalism fraternity at Indiana State Teachers College on May 9 was Larry Mong, son of Mr. and Mrs. John R. Mong of 200 Frank st., Warren. He was also awarded the Gold Key of Journalism for outstanding work in the field of journalism and high scholastic achievement at the same time. Mr. Mong, a 1954 graduate of Warren high school, is active in several student programs at the college.

Mead Township Resident Nears 94th Birthday

By Lewis Crippen

His greatest desire is for the weather to dry sufficiently to allow his half-acre garden to be dragged and prepared for planting. Quite an undertaking for a gentleman who will be 94 years of age on June 24 but little enough for one who is as active and healthy as Otto W. Bennett.

Mr. Bennett was born in Smoland, Sweden, and came to the United States when he was a young man, landing at Castle Garden, N. Y., on May 24, 1884. He was presented with his first papers to become naturalized when he disembarked.

Mr. Bennett first settled at Sterling Run (near Emporium) and moved to Warren in 1907 where he resided until two years ago when he took up residence with his daughter and her husband, Mr. and Mrs. John Rodgers. He has had 13 children, seven of whom still live in Warren County.

The near-centurian was converted to Christianity when he was thirty-five years old and testifies to his faith at every opportunity. He shakes his strong left leg and relates how the knee was broken about thirty years ago but without medical attention, God restored it as good as new after doctors had suggested that the leg be removed. It is inspiring to hear him tell how he jumped from the operating table on his good leg and told the physicians he would rather die in one piece than to be cut apart. Later he signed away the doctor's responsibilities, pulled the knee cap back into the correct position, and left the healing to the Almighty.

He is an active member of the Warren Nazarene church which he helped to organize in 1910. Even now he travels throughout Warren County with the church's pastor to various evangelistic meetings.

In 1884 he voted for the Republican candidate for President of the United

States -- said he had to if he wanted to work. But in 1888, he voted for Grover Cleveland and since that time has supported every Democratic candidate for the highest position in the world.

Mr. Bennett is keen in mind and strong in body. His Christian testimony has been of great spiritual assistance to the ill and depressed. He plans for the future rather than dwelling in the past as is the normal outlook of most elderly individuals.

PARK COMPLETION DELAYED

Chapman Park will open officially for the summer this coming Saturday with no promise of additions to current facilities this year. However, it is expected that a new road and bridge will be built by next spring, and there also are plans for swimming facilities to be ready by spring, including a sand beach.

Facilities now are limited to picnicking and boating, and limited overnight tent camping. The park foreman must be contacted for permission to camp.

A recent news release said that the attendance this year is expected to exceed the 71,138 of last season. It also said that suggestions for improvements are welcomed by the park administrator.

CHECK YOUR TREES

To prevent possible wide-spread damage by various tree insects and diseases to forest and ornamental trees it is necessary to detect damage in the early stages of occurrence.

The Pennsylvania Department of Forests & Waters being responsible for protection of all woodland areas in the State needs the cooperation of everyone in having an effective control program. Charles S. Merroth, District Forester, states that such cooperation is necessary to avoid reoccurrence of catastrophe as caused by the Chestnut Blight, White Pine Blister Rust, Gypsy Moth, Spruce Bud Worm, Birch Die-back, Oak Wilt, and many other pests that have or still are affecting our valuable forest resources.

A lookout should be kept for such symptoms as leaves turning color in summer, leaves falling prematurely, leaves being eaten by insects, Pine trees being eaten or dying, and other unusual conditions. Observation of these symptoms should be reported immediately to the District Forester, Box #807, Warren, Pennsylvania.

Most conditions can be controlled easily if found in the early stages. Dead branches in the lower crown of trees is a natural occurrence and should not be confused with dying or currently infested growth.

WILDLIFE BELONGS IN THE WILD

It's that time of year again. Every spring and early summer, well-intentioned persons who can't seem to resist fondling small wild creatures take home fawns, little rabbits or other wildlife. Despite frequent warning to "leave birds and animals and eggs where you find them" Nature's children are often disturbed. The Game Commission warns one and all: these babies are protected by state law just as are adult birds and animals. Experience has shown, also, that it is usually inhumane to try to rear the creatures under unnatural conditions; whereas they would have thrived under mother's care they often die in the first week or so in the keeping of self-appointed foster parents.

Also, the authority advises, there are many records of persons killed or injured by animals picked up in the wild. Moreover, taming and civilization blunt an animal's natural instincts, leaving it without the defensive cautions and fears with which nature endowed it. Returned to natural surroundings after association with man it is unable to fend for itself. Usually, "kidnapped" fawns and cub bears live out their existence in a zoo or park -- certainly not the free and normal life that wild birds and animals were meant to enjoy.

So, please, for wildlife's sake and your own, enjoy seeing the birds and animals in the wild -- but leave them there. The "lost" will be found by the mother, and the youngster will prosper under

her attention as they never can in the care of humans.

WET SPRING HELPS

"Pheasants, rabbits and quail are enjoying a better than usual nesting season. One reason is that there has been less burning of fields this spring," says Game Protector P. J. Filkosky, Chester County.

CANADIAN PREFERS BLONDE

"Early in March a flock of 40 Canada geese landed at the Hanover Dam, in York County," says Game Protector E. E. Geesaman. "Several days later I noticed that a Canada and a tame white goose on the dam were carrying on a flirtation. It continued for about four weeks. On April 10 the flock of Canada geese continued north, but the smitten one remained with his ladylove."

They are (l. to r.) kneeling -- Jim Zeedar, Jack Brenneman, Frank Gruttaria, Ray McCanna and Ronald LeTrent; standing -- Larry Roberts, manager, Neil Pierson, Dick Sherwood, Jim Smith, Bill Moniak, Joe Kulbacki and John Fill, manager. The Eagles are coached by Dick Praetzel.

ANCHORS AWAY. Three Warren County men departed for Buffalo, N. Y., Tuesday to enlist in the U. S. Navy and then proceeded to Bainbridge, Md., to enter recruit training. They are (l. to r.) Neil Rockwell, 20, son of Mr. and Mrs. Harold Rockwell of Saybrook; Wayne Foster, 18, son of Mr. and Mrs. E. F. Orcutt of the Warren-Kinzua road; and Tom Spicer, 17, son of Mr. and Mrs. Stanley Spicer of Saybrook.

SWISH. Carl Greco, at the finish line, and Jack Suppa provided a one-two punch for Warren in the 100-yard dash against Bradford high.

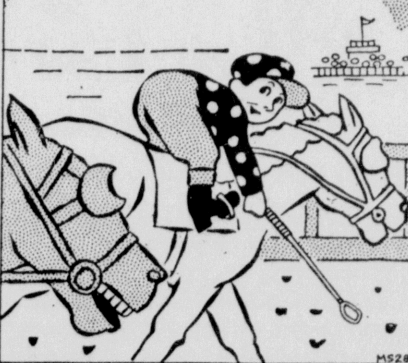

AN UNOFFICIAL VICTORY was registered by the Youngsville 880-yard relay team at Beaty field Wednesday afternoon when it nosed out Warren in the local's meet with Bradford. The Eagles' representatives in the state meet Saturday entered several events Wednesday for practice.

Pictured here is the Youngsville

anchor man finishing ahead of Warren's Carl Greco. Warren's winning time was 1:37.8. The Blue and White quartet, which also includes Jack Suppa, Larry Casler and Steve Lindquist, will be at state this week end. Lindquist was unable to participate against Bradford.

FOUR CANADIAN SCOUTS of the Simcoe Trumpet band who will parade in the Warren Jaycees Fourth of July parade this year are pictured here. From July 2 to 6 the band members, representing three Can-

adian scout troops, will be camped at Camp Olmsted with the local scouts enrolled for the first week's camp. It will be a fine opportunity for the scouts to exchange ideas. The president and the commis-

sioner of the Boy Scout Council at Simcoe will be in Warren on July 4 to meet with Cliff Betts, president of the local council, and Commissioner Jim Blomquist.

WARREN COUNTY'S EMERGENCY Radio association played host to the Pennsylvania Military Affiliate Radio System in Warren last Saturday and Sunday. The event opened with an "open house" at the Municipal building the first evening followed by a meeting Sunday when several

state officials were heard. Local members who played a role in making the MARSfest a success were Mr. and Mrs. Leon Laskaris, Glen Nelson, Mrs. Leona Schell, Carl H. Moore, Addison B. Scholes and Donald Backstrom. (McIntosh Studio Photo)

To allow for such expansion, Sylvania is at the present constructing its third plant in Warren just opposite the Lexington plant. This picture will give you some indication of the size of the structure, which will cover 110,000 square feet. It is expected to be completed by December 15.

The new plant will house Sylvania's plastic division in Warren, as the company moves the new metal base operation into the present East Side location.

Thursday, May 31 - off you go to Conneaut Lake Park aboard chartered busses which will leave the high school at 11 a.m. Here's hoping that the day is warm and sunny. Tickets are \$1.50; 75¢ for the bus and 75¢ for the supper. Parents are urged to have their sons and daughters ride the busses which are being provided.

Saturday, June 2 - Ooo's and Ahhh's! The senior-junior prom has arrived! The formal affair will be held in Beaty cafeteria. Tickets are \$1.50 per couple and they will be available in the high school office beginning May 28. One member of each couple must be a member of the Class of 1956 or 1957.

Sunday, June 3 - Baccalaureate services will be held at the First Methodist church on Market st. at 7:45 p.m. Dr. Arthur Colley will be the guest speaker. Students are asked to be at the church at 7:20. And remember the tassels are on the left. You haven't been graduated yet!

Monday, June 4 - the Senior Class dinner will be held in Beaty Cafeteria. Tickets are \$1.25.

Tuesday, June 5 - COMMENCEMENT! This is it! Members of the class should report to Beaty school at 10 a.m. to practice the commencement march and find out seating arrangements.

In case of rain the commencement exercises will be held in Beaty auditorium. Those guests with colored tickets will be seated in Beaty cafeteria and hear the exercises over the public address system.

The familiar strains of Pomp and Circumstance will begin at 8 p.m. and the Class of 1956 will march in.

Good luck, Seniors!

JAZZ AND SHAKESPEARE

It won't be all Shakespeare and deep drama at Stratford, Ontario, this summer. Running in conjunction with the Shakespearean festival will be the first Jazz concert to be presented as a part of the Stratford music festival. It will be given by Wilbur de Paris and his new New Orleans orchestra, featuring Willie (The Lion) Smith, pianist, and Jimmy Rushing, blues singer.

The first jazz concert will be held July 11 and will reflect the early days of jazz with marches, hymns, cakewalks, parade tunes, and similar classics. It will be repeated July 13.

The music festival runs five weeks, July 7 to August 11, and tickets can be obtained from agencies or by writing the Box Office, Stratford Shakespearean Festival, 109 Erie st., Stratford, Ontario. Commentaries on the programs will be given by Duke Ellington, Hat Hentoff, John Hamond, and Barry Ulanov.

It sounds like a balanced summer in Stratford, ranging from Parisian drama to Shakespeare, and musically moving from jazz to symphony.

SPEAKERS HIGHBALL.

They really are mixing them up at Chautauqua this summer. The speakers' rostrum will offer a wide variety of slants. You find such combinations as Andrew W. Cordier, United Nations official, and Senator James H. Duff, of Pennsylvania. Mr. Cordier will speak August 6 and 7. Senator Duff will be heard July 13.

Then there is Dr. G. L. Mehta, India's ambassador to the United States and Mexico. He will give a

major address on July 27. He will talk about India Since Independence.

TEN ART CREDITS

Small classes, assuring individual attention, will be the story at Chautauqua this year in the field of fine arts. Ten university credit courses will be offered, from July 2 to August 10, including painting courses for students at various stages, figure and portrait sculpture, design, ceramics, and general crafts and weaving.

Revington Arthur, associate director of the Silvermine Guild School of Art at Silvermine, Conn., will direct the painting and pictorial design courses. H. Richard Dyme, chairman of the sculpture department of the Washington University School of Fine Arts, will be the sculpture instructor.

James T. Achuff, instructor of art at the Pitcher Hill School, will teach basic design, ceramics, and general crafts. Weaving will be the specialty of Miss Heather Thorpe, instructor of weaving for the University of Buffalo.

All this comes under the supervision of the Chautauqua Center of Syracuse university, which has operated Chautauqua summer school for the past three years.

If you want more details, write Dr. Wilbert A. Berg, 200 A. Slocum Hall, Syracuse University, Syracuse 10, N. Y.

LIBERAL ARTS

You can write that same gentleman concerning ten courses to be taught this summer in the liberal arts, most of them chosen because they are most likely to adapt to the variety of majors or concentrations represented in degrees toward which liberal arts students may be working. They also may be helpful to teachers who wish to renew contact with course work in their teaching specialty or related academic subjects.

Courses will include Problems in American Democracy, Philosophies of Democracy, Shakespeare: Selected Plays, Backgrounds of English Literature, The Soviet Union and World Affairs, Modern European Political Theory, Elements of Acting, Play Production, Senior Writing Conference II, Olera And Society, Adult Literacy Techniques, Writing for New Literates, and a Workshop on Fund Raising.

Most of these are taught by Syracuse faculty members, though several instructors will be people brought in because of exceptional qualifications in their field. These include such guest instructors as Frederic McConnell and Robert Allman of the Cleveland Play House staff; Robert Francis, an Amherst poet; Margaret Widdemer, New York author; Diggory Venn, associate director of the Institute of Contemporary Art in Boston.

SOUNDS ATTRACTIVE

These Chautauqua courses always sound attractive to us. Not because of the courses alone, but because they are teamed up with a summer of good music, drama, lectures, aquatic sports, and other forms of seasonal good times. In addition, if you are from this area, it is an opportunity to study a variety of interesting subjects, taught by leading authorities, and at small cost compared with the usual schooling away from home.

ARE YOU LOW SLUNG?

One of the greatest pleasures a human can enjoy is the genuine friendship of a good dog. However, in this day of trim apartments, close housing, and other stifling influences on time and space, the dog may be a problem. So it seems most of us have become low slung, whether we like it or not, and need a neat dog, a small dog, and one that isn't too long in the wind and leg. Such an animal is the dachshund, a smart little fellow whose tummy is closer to the rug than the bottom of a roller skate.

We note some fine little pups of this breed for sale in Grand Valley. Checking with the owner we learn that four of them still are available. You could have a brighter summer with one of these sharp little fellows. Walter Sanden is the owner of the pups. Or was the last time we inquired.

TO COMPETE AT STATE

Warren high school will be represented in three events when the state PIAA Class A and B track field finals are staged at the Pennsylvania State University this Saturday. As a result of District 10 competition in Meadville last Saturday, John Powley will be entered in the mile run and 880-yard sprint and the 880-yard relay team, consisting of Greco, Casler, Suppa and Lindquist, will battle for honors in that event.

In winning the mile-run Saturday, Powley broke his own Warren high record with a time of 4:39.7. He was second in the 880. The relay team was second behind Erie Academy to become eligible. The winning time was 1:36.8.

Other Warren thinclads placing in the top five at district were Greco, Shanshala and Kremer, third, the latter in a two-way tie; Hoffman, Lindquist and Mohnkern, fourth; Shanshala, Greco and Berdine, fifth, the latter also in a two-way tie.

Coach Loyal Briggs' squad ran a close third for team honors with 30 1/3 points. Academy was on top with 60 and Oil City had 31 1/2.

YOUNGSVILLE WINS DISTRICT

Two Warren County squads made commendable performances in the District 10 PIAA track and field meet competition at Allegheny College Saturday. The Youngsville Eagles grabbed the Class B title easily by congregating 62 1/2 points, while Northern Area claimed third place honors with 26 points. Lawrence Park was second with a 33-point score.

The Youngsville squad was successful in winning seven of the 14 events and collected two runner-up spots to assure a fine representation at the state competition at the Pennsylvania State University this Saturday.

First places were won for Youngsville by Sherwood, Oehlenschlaeger, Zeedar, Brenneman and Kulbacki. Also the 880-yard relay team -- Kulbacki, Letrent, Moniak, Gruttaria -- and the mile relay quartet -- Kulbacki, Letrent, Smith, Moniak. Moniak and Smith won second place honors in the 220 and 440 respectively.

Northern Area, which is enjoying its first track season in the school's history, will be represented at state by Rowland, Weightman, Orcutt and Rockwell. Each placed second in his event.

GRA-Y TRACK MEET

Seven Warren area schools will be represented by Gra-Y club members in a track and field meet at Beaty field Saturday afternoon. Starting time is 1:30.

There will be 10 events in all with individual emblems and a team trophy to be presented.

The first annual City-Wide Archery tournament scheduled for last Saturday at Beaty field under the sponsorship of the YMCA was postponed until Saturday June 2. There will be competition in three classes, two for boys and girls and one for adults.

DRAGONS END SEASON

Warren high school Dragon thinclads wound up a successful 8-1 season in dual and triangular competition at the Beaty oval Wednesday afternoon by overwhelming the Bradford Owls, 83 1/4 to 43 3/4.

Coach Loyal Briggs' track and field men were victorious in 10 out of a possible 15 events. First place winners were Greco in both the 100 and 220-yard dashes; Hoffman, Powley, Meddock, Mohnkern and Shanshala.

John Powley, who will represent Warren in the mile and 880 at the state meet Saturday, did not enter the mile run Wednesday but appeared in the 440 instead. He placed second in the latter and did the 880 in 2:12.6.

The half-mile relay team, made up of Suppa, Trevenen, Casler and Greco, won their event, as did the mile relay squad of Haslet, Casler, VanBlois and Hoffman. Berdine and Kremer tied in the high jump.

DEFEAT BUSINESS COLLEGE

In a pre-season diamond contest at the State Hospital Tuesday evening the Warren Elks were successful in shutting out the Jamestown Business College, 4-0.

CITY LOOP ACTION

In the City softball loop this week Texas Lunch trimmed Guiffre's, 15-5, and Certified Electric downed New Bakers Cleaners, 11-4, on Monday night. On Tuesday it was Jones Chevrolet of Sheffield over Nick's Restaurant by a 7-3 margin.

In the 185 and under tournament at the Ten Pin, two Warren boys made the money list. Ed Nugent hit 1179 for 27th place and earned \$93. Allen Johnson had 1121 for

184th and \$17. This also paid \$1,000 first money, which was won by Joe Melesky, of Akron, with 1258. A total of \$13,123 was paid to 272 winners among the 1193 entries.

GOLF POPS

The sun can really spring the golf season in the next few days. Today the country club men are having a blind hole tournament and a putting contest.

On Memorial Day there will be a mixed two-ball foursome event, though some of the play may take place this Sunday. A week from Saturday the Marshall Parshall cup tournament will be held.

THREE EARN LETTERS

Three Warren high riflemen were successful in earning letters this year for their accomplishments on the school rifle team coached by Matt Hosie. The recipients were Bruce Hook, Perry Mahaffey and Ray Shaw.

JOHNS WINS AT SKYLINE

"Squirt" Johns piloted his 1955 Chevrolet to victory before 2,000 fans in the 20-lap feature event at the Skyline Speedway at Sugar Grove Sunday evening. The Brockway speedster pushed his Chevy from the tenth spot to take the lead over Don Bailey, another Brockway driver, and continued to battle off all challengers. John McGinley of Chicora placed second in the feature and Bailey drove in third.

Baseball's Class D Pony league has been officially cut from eight to six teams. Dropping out at the end of last week because of the financial collapse of franchises were Bradford and Hamilton, Ont.

The minor league circuit is now made up of aggregations representing Jamestown, Wellsville, Olean, Corning and Hornell in New York State, and Erie in the Keystone state. League officials have stated it is impossible to find new locations for the clubs that dropped out, but it was disclosed that both teams intend to apply for readmission next season.

Elmira, N.Y., has also asked to be considered as an entry in the 1957 campaign.

IN THE MONEY

Warren tournament bowlers collected a few dollars this spring. With the ABC paying to all teams with scores of 2697 or better, the PaulMar five will collect with its 2700. The doubles paid all over 1085, which includes the 1105 of Dave Fink and Frank Gerardi, and

the 1103 of Myer Pappalardo and Pete Juliano.

Singles pay-offs go to all above 551, which includes Leo Zandi, of Sheffield, who fired 611, Myer Pappalardo who had 604, and Nummy Wooster's 599.

Anything better than 1693 will collect in the all-events. Myer had 1719 and Dave Fink scored 1711.

In the booster division a Warren county team will collect quite well. The Abplanalp team already had won \$75 for second place on its squad, and now will be in the final pay-off. The booster division pays off to all scores over 2631. Abplanalps had 2650.

Dave did very well in the open singles classic at the Ten Pin lanes in Jamestown where he finished 26th among the tops in the nation. In fact Dave beat every bowler in the immediate area, and was topped only by two Erie keglers, Foo Potter with 1211 and Joe Cerami with 1187. Dave had 1181 for which his check will read \$48. George Young of Detroit had 1293 for the \$1,000 first money.

In the field of 523 were two other bowlers from Warren who will get some back. Myer Pappalardo with 1139 will get \$20, and Dr. Jim Giunta's 1125 will earn \$15. They paid out \$5,753.

ELKS WIN WARM-UP GAME

In a warm-up contest staged at the State Hospital diamond Satur-

day afternoon, the Warren Elks tallied a 7-5 triumph over Jamestown Art Metals. The contest was a prelim to the Elks' Penn-York league opener at the State Saturday. Sunday afternoon the Warren nine will face the Wildcats at Ludlow.

Ed "Wink" Rickerson led the local victory as he clouted out three hits in four trips to the plate. Gray hurled an eight-hitter for Warren over the nine-inning stretch.

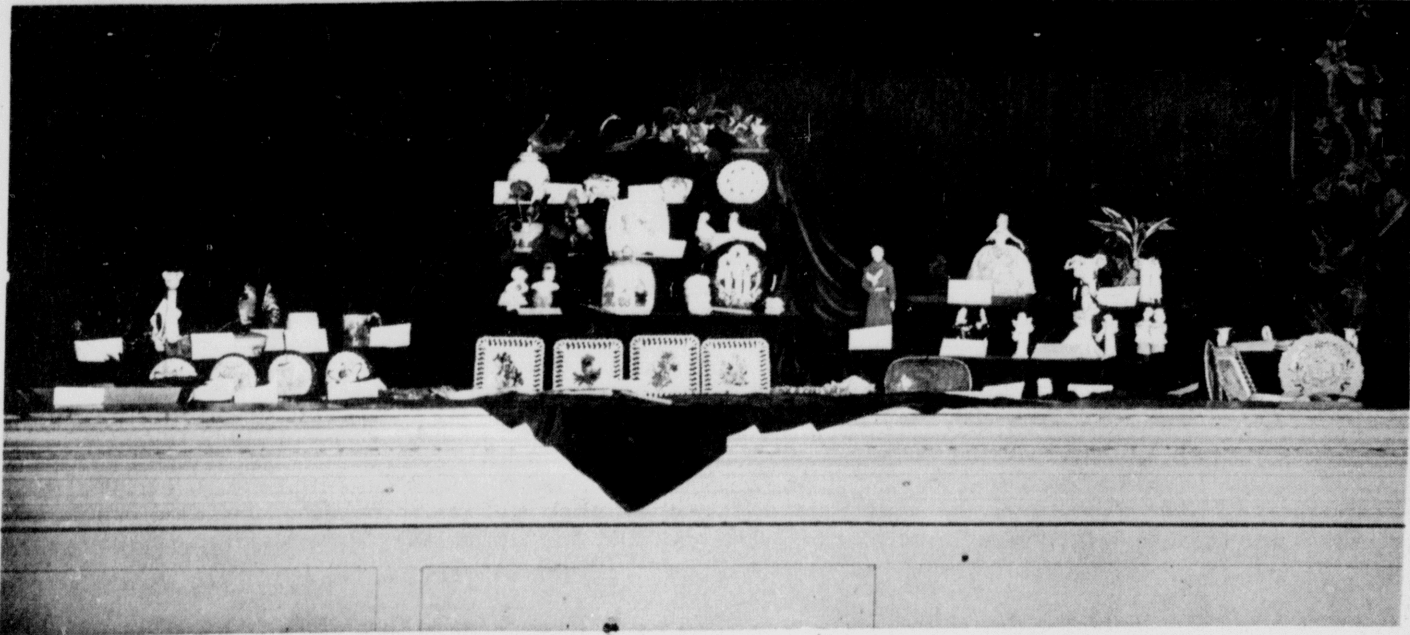

WILDCATS OPEN SATURDAY

The Ludlow Wildcats, after handing out a 15-3 lacing to the Kane Legion last Sunday, will open Penn-York league action this Saturday at Bradford. Under the guidance of Jiggs Juban, the Cats return to Ludlow for an afternoon encounter with the Warren Elks at 3:00 o'clock Sunday.

JAYCEE AUXILIARY MEMBER, Mrs. Ed Betts, shows these paintings by Mrs. Mary Dalrymple, 86-year-old North Warren resident who entered them for display at the Golden Age Society's Hobby Show at the YWCA Monday.

THE ONLY MALE ENTRIES in the Golden Age Society's Hobby Show this week were by Fred Keil, left, and F. A. Mitchell. The former brought several pots of beautiful violets that he raises, while Mr. Mitchell entered his display of canned goods. He has made a hobby of canning jams and fruit for 20 years.

TELEVISION and RADIO

By John Crosby
Cowboys Abroad

American television is infiltrating to the far corners of the earth just as American movies have. The Siamese now have the blessings of Rin Tin Tin. The South Americans have the escapades of Corliss Archer. The Australians will shortly -- television hasn't quite got under way Down Under yet -- get their notions of American matrimony from "I Love Lucy".

For good or ill, American influences will spout from dozens of TV stations the world over -- and heaven knows where it will all end. For instance, Corliss Archer has got to be a great favorite in Latin America. And what will that do to their teen-agers? In Latin

America, no teen age girl would be permitted anything like the freedom Corliss enjoys. Their teen-agers are chaperoned carefully until marriage. What happens when their teens discover Corliss can go bucketing around the countryside with any number of boy friends? A social revolution? Ziv, which markets Corliss, rather hopes not. They don't want to be held responsible.

Ziv is now selling tons of American programs in foreign markets, ranging from Monaco to the Dominican Republic. They now have shows in every Central and South American country which has television. They are programming over 860 half hours of American programs which have been dubbed into Spanish. "Cisco Kid" and "Highway Patrol", neither of which have been exactly confused with great art, are two favorites all over Latin America. From these two, Latin Americans could easily get the idea that Americans' two favorite occupations were killing one another in automobiles or chasing one another around the wide open spaces on horseback.

Toward the end of this year, Australian television will get under way in Sidney and Melbourne. There will be two commercial TV stations and one government TV station in each city and all six will go on the air at once. Colin Bednall, general manager of one of the commercial stations, has just passed through town shopping for American TV programs.

He came rather late to the feast. His commercial opposition and the government station both rushed to America and furiously competed for American programs. Bednall decided to take his time, to wait until they'd spent all their money and he'd be the only Australian here with money to spend. "What would you do if your opposition had bought 'Lucy' and 'Disneyland'?", he wanted to know. I told him that, if he found the answer to that one, to let the competing networks here in on the secret. They haven't found the answer yet.

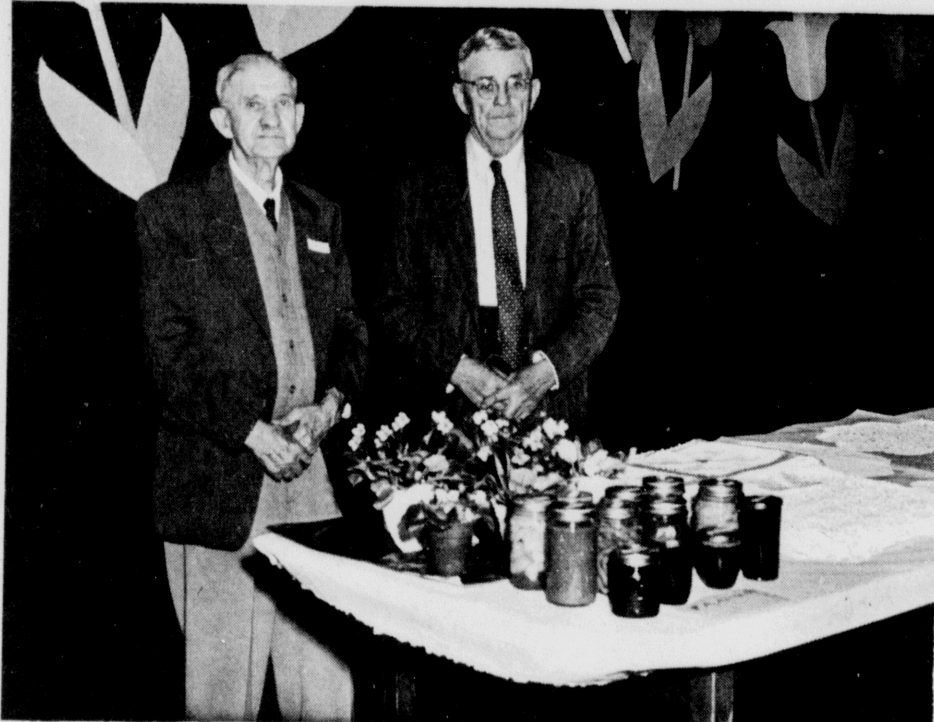

Successful American shows are sure to be a hit in Australia, Bednall thinks. He bases this on their experience in radio and newspapers. Ninety-nine out of a hundred successful American newspaper features and radio programs also appeal to Australians. The British don't do nearly so well in these fields in Australia as we do.

So Australian children will be watching American cowboys from infancy up. Bednall doubts that there will be any outcry from Australian parents. "In Australia, it's accepted, even by do-gooders, that a child may suffer from another child's anguish, or a ghost at bedtime -- but one cowboy shooting another is nothing."

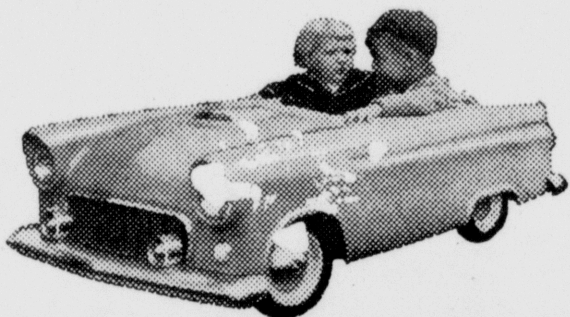

Ziv is now selling programs in the Philippines, Germany, Italy, France, Luxembourg, England, and Switzerland -- dubbed variously in Spanish, French, Italian and German (with Portuguese coming up.) Among the programs in these countries are "I Led Three Lives", "Favorite Story", "A Man Called X", "Science Fiction Theater", "Mr. District Attorney", "Boston Blackie" and "The Unexpected", none of them exactly cultural programs.

This leads Ziv salesmen into some odd adventures. Once in Bogota, Colombia, a Ziv salesman showed two and a half hours of "Cisco Kid" and "Boston Blackie" to the President and his Ministers. Immediately thereafter, he was thrown into jail. The Ziv salesman didn't really think the shows were that bad and, as it turned out, that was not the issue. It seems some local character with influence has a nice little racket, shaking down foreign businessmen for 50 percent of their profits. The alternative; jail. In this case, the Ziv man got out of the hoosegow without paying a penny of extortion money.

If Promises Built Dams, Floods Would Be Ended

We are in possession of two

letters, written to us by Senator James H. Duff and Congressman Leon H. Gavin. Each acknowledges the receipt of many petitions and letters from residents of this area. The biggest lot was sent in one group from this office and represented the sentiments of about 750

people.

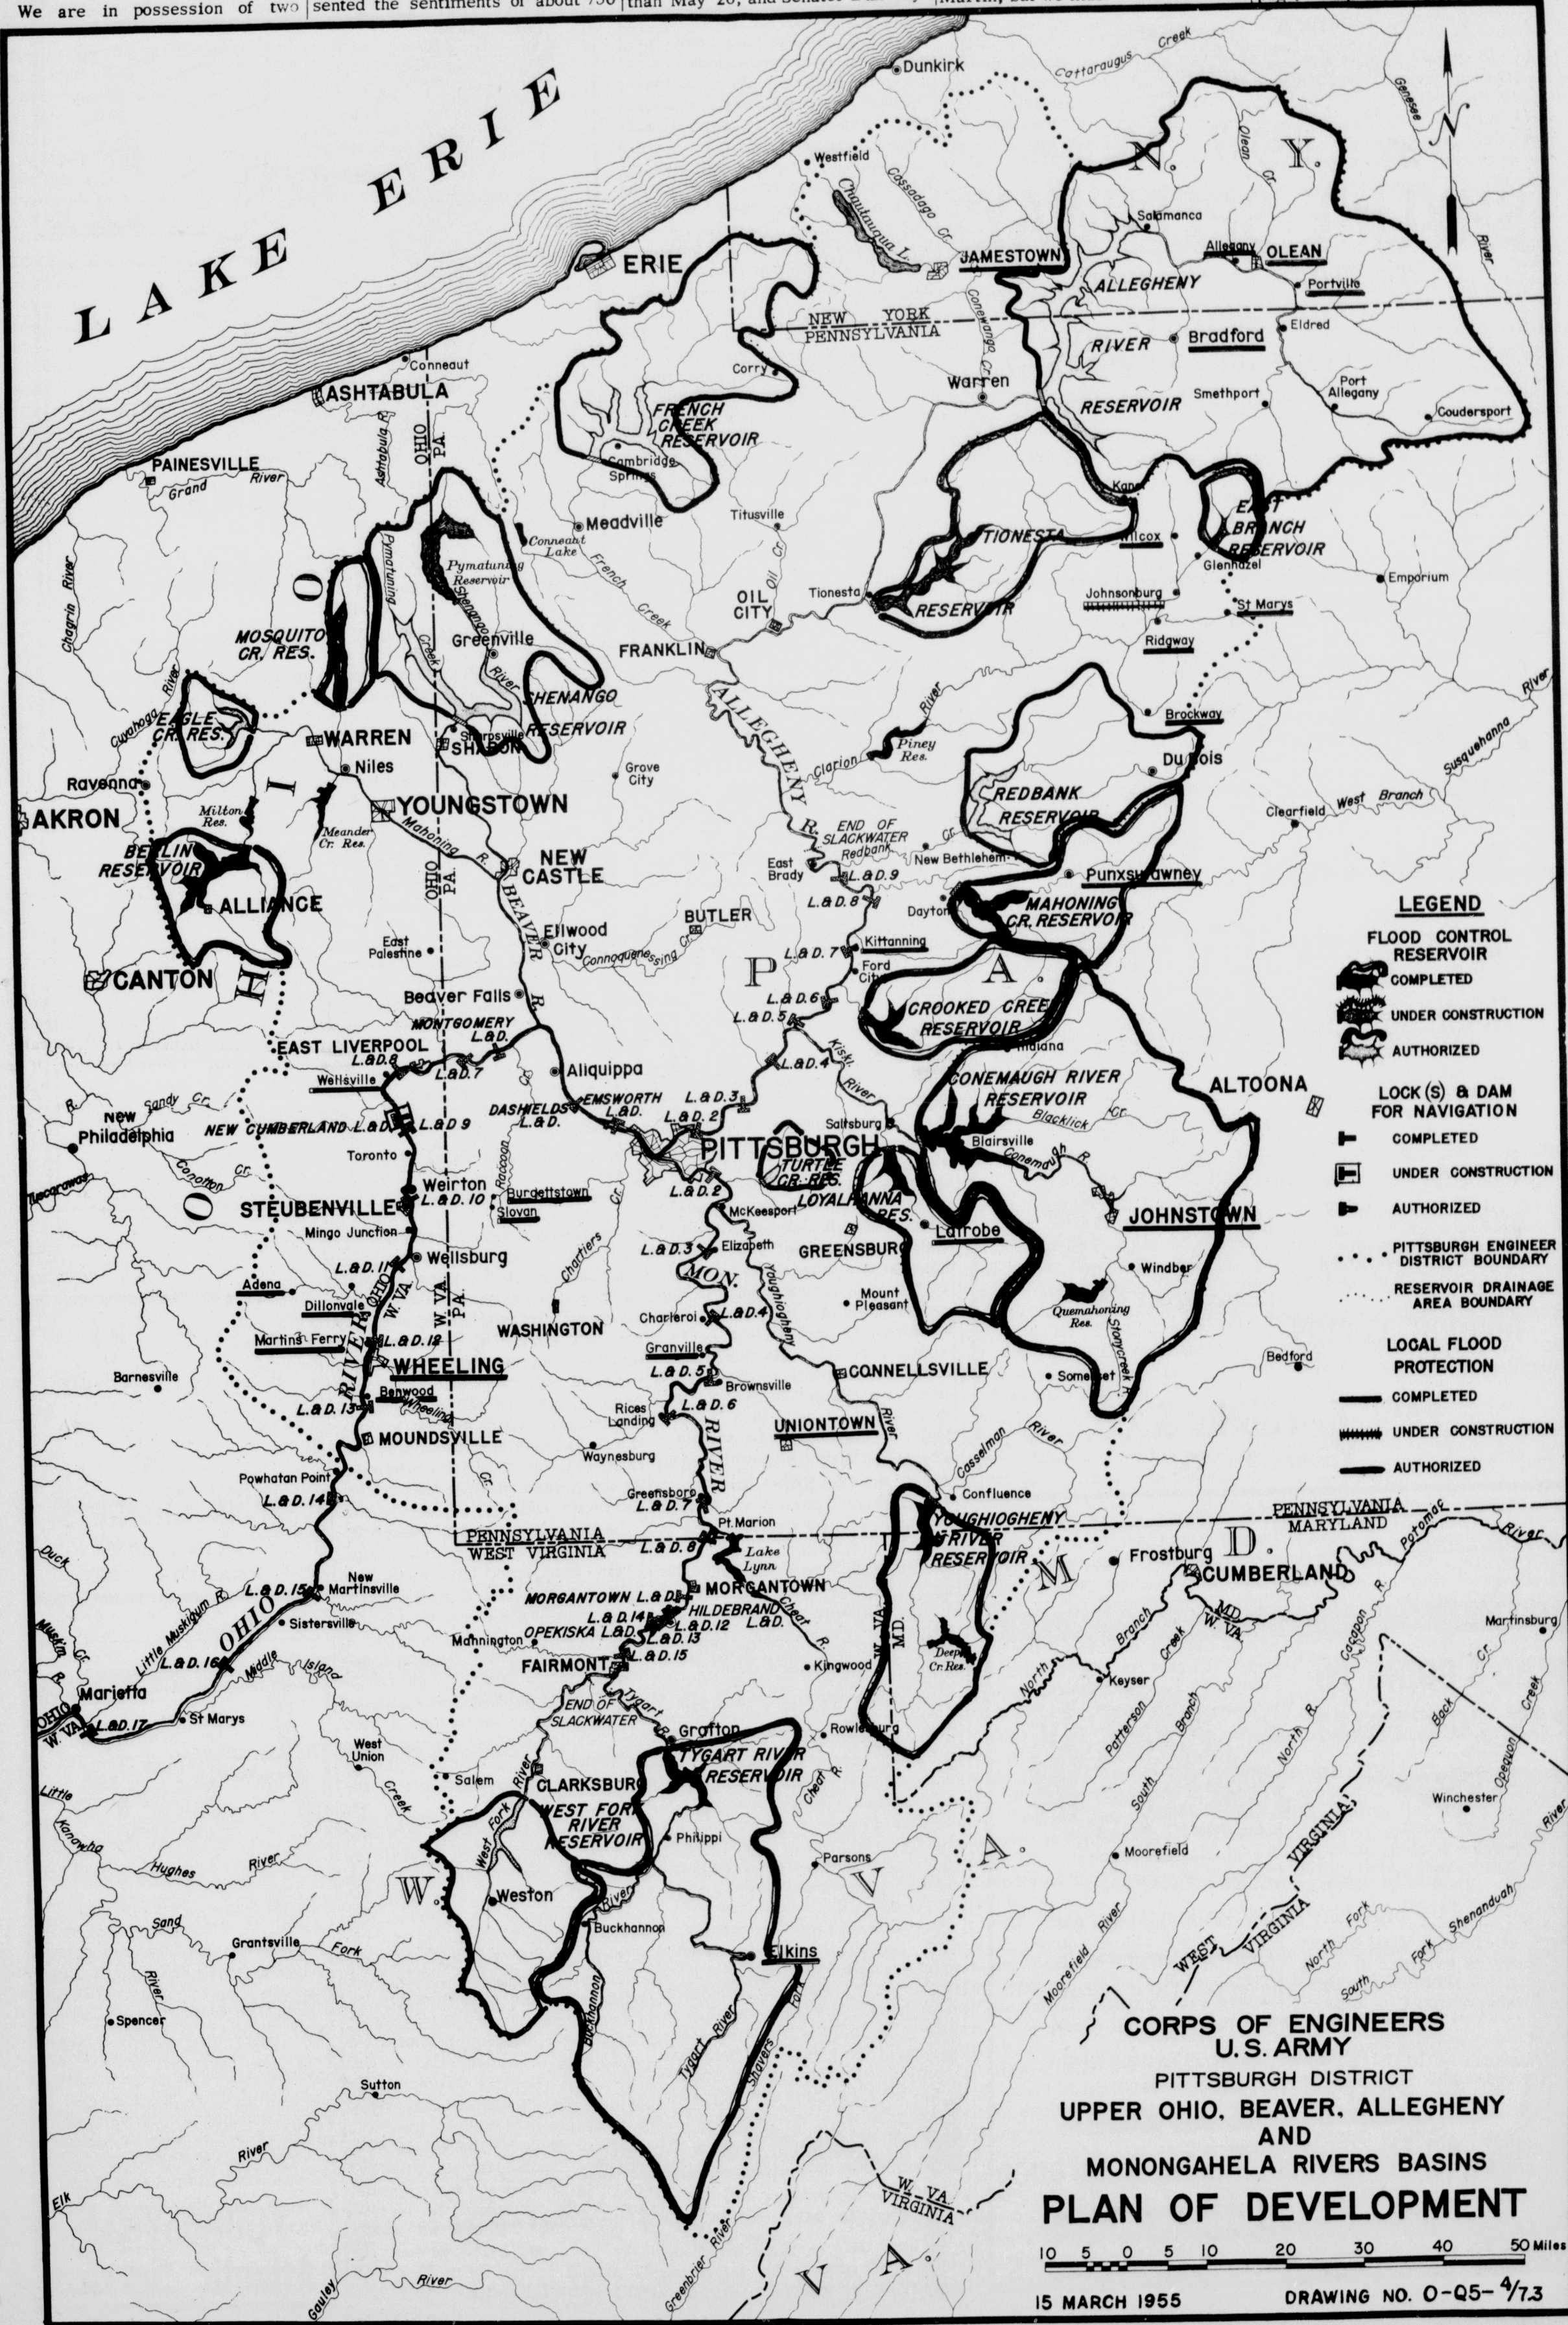

Both gentlemen assure us that \$384,000 will be approved this year for the Public Works Appropriation Act to complete plans for the dam. Congressman Gavin says it will come before the House no later than May 26, and Senator Duff says

that when the bill comes to the Senate he intends to give it his very careful attention in order to expedite the completion of the project report and early construction of the dam.

We have not heard from Senator Martin, but we must remember that

he is not running for election this year.

Congressman Gavin also sent us another letter with which were enclosed several maps of the Upper Ohio River development plan. We are publishing one of them on this page. Clip it for future reference.

BUYERS' CORNER

HELP TO INDUSTRY

Down Titusville way they are moving things around to make room for more industry. The Universal-Cyclops Steel Corporation wants ground on which to expand and Titusville is providing it.

To do this, Titusville will give up its sewage plant site, and will stop work on the sewage plant. Cyclops will compensate Titusville for the loss, however, and will buy the land, which is a strip two thousand feet long and one thousand feet wide.

To connect the Cyclops plant more directly with the new area and to provide even more room, Oil Creek will be straightened out, with Titusville and the state cooperating in the project. This might be likened to straightening out the Allegheny river, and taking it across the West Side. The bed south of the resulting stream then would be filled and much of Warren's flood problem ended, with valuable land resulting.

Cyclops employed only 400 men after the war but now has over 1200 on the payroll. It will spend a quarter million for chemical and physical laboratory facilities this year and another quarter million for finishing, inspecting, and shipping space next year. Its payroll may increase another 600 as the result of contemplated expansion.

The ready cooperation between Titusville, the state, and local industry indicates a progressive policy which many communities could use. Titusville also has a swimming pool, and is building its sewage plant. There are some larger and richer communities which seem to be having trouble seeing their way to finance such projects.

FLOOD ANGLE

The straightening of Oil Creek again brings up the thought concerning the best answer for Warren. However, there is a big difference. Oil Creek is a half-pint dribble alongside the Allegheny. And if Warren were the sole problem involved on this larger stream, it could find its answer with less cost than that of a large dam.

It would be simple enough to buy a few homes, move the stream, level off new areas, and build dikes. Warren would be safe. But downstream they would be awash as the result of such channelling. The water would be shot out of here in a booming tide, with not even the restraints of present lowlands levels which today ease up the mad rush.

RUBBER SPRINGS

Starting next year the American car will place less emphasis on increased power and more on refinements, including smoother rides. This won't save lives, but it will be a change.

Cadillac is expected to be the first passenger car coming out with the rubber air pressure springs. By 1957 most cars will have the rubber springs, and America will be riding on cushioned air. The new springs are refinements of those already used on trucks and busses. They will compensate for the number of passengers taken on, and will allow cars to be built even lower.

At the same time, Chrysler products will come out with a ride control similar to that used on Packard. The result will be cars that ride even smoother than they do today, and speed will come easier and seem even less dangerous. That is, until you find yourself not rounding a curve and note with surprise as you take off into space that the needle is tickling seventy... or better.

REALLY SAFE

We have done much talking about the lack of concern for safety on the part of car manufacturers, and

we have touched on many safety factors, such as more police, stricter speed laws, and speed controls on the cars. None of these seems to show the slightest sign of developing.

So we will concede that speed is here to stay. We will straighten out the roads, add a few lanes, soup up the stock models, and tear into each other. However, if we are going to do this, why not take a lesson from the race tracks.

Let's have a few laws concerning safety belts and reinforced tops. Every car should have angle iron built into its sides and top to serve as a guard when it rolls over. All passengers should be strapped in securely and should wear helmets. The frame of the car should be made so strong that they can meet head-on without more than a good bend resulting, and the motor should be in the back so that it will drop out on the highway and not in the laps of the occupants.

We also could lose the gas tank in such an event, or it could be surrounded by automatic fire extinguishers. Given these precautions, the strapped-in motorist could forget all about safety laws and drive into anything or anybody. His car wouldn't catch fire, it wouldn't flatten out, and he would be securely fastened throughout the rolling, thrashing, flip-flopping moments.

Of course he might have to buy a new car. But like the race track boys, maybe he would become accustomed to a few caved in sides, a lack of fenders, and no windows.

It may sound extreme, but if we are going to drive at racing speeds, why should we ignore the lessons of the track? Either we should make cars and highways safe, or we should accept their lack of it and prepare for spills.

A TWO-CAR COLLISION at the intersection of Madison ave. and Canton st. at 6:40 p. m. last Thursday resulted in \$400 damage and

the arrest of Dennis Flick of 6 Bradley st., for passing at an intersection.

Flick struck an auto driven by Violet Bancroft of 117 Beaty st., when the latter attempted to make a left turn onto Canton. Following the impact Flick travelled about 100 feet before coming to a stop against a tree.

AREA REPRESENTATIVES met at the county court house this week and elected Robert O. Wilder temporary president of the Warren County Development association and approved a set of by-laws for the organization.

The other temporary officers are E. Leo Johnson of Youngsville, William McIntosh of Sheffield, William Cyphert of Tidioute, and C. E. Anderson of Sugar Grove.

The next formal meeting for formal adoption of the by-laws will be held in September. Membership in the new organization is open to all non-profit service and civic groups and to individuals interested in the orderly growth and development of Warren County.

A WARREN MAN and representative of the "Democrats for Democratic Action", Thomas H. Conway, emerged the victor in Monday night's heated election of a Warren County Democratic chairman.

He defeated incumbent M. R. Papavero in a secret ballot vote, 51 to 50. The four vice presidents selected in the election by committeemen were Chester Walker of Clarendon, Thomas Ressler of Warren, Mrs. Doris Hewitt of Russell, and Mrs. Helen Long of Warren.

Monday's election was presided over by Attorney A. L. Gambatese of Erie and observed by Attorney John McLaughlin, also of Erie. The latter was named by State Chairman Joseph Barr.

In addition to the four vice presidents, Chairman Conway named to the executive committee Lewis Crippen, secretary, William Olney, treasurer, Gordon Downey, Mrs. Edith Fox and Mark Summerson. There are two members still to be named.

A statement by the new chairman and secretary indicates that the policy previously announced by the "Democrats for Democratic Action" will be used as a basis for immediate and future actions in the Warren County organization.

NEW AIR RAID WARNING signals, designed to meet new problems posed by the threat of widespread radioactive fallout from hydrogen bombs, will become effective in Pennsylvania on June 1.

The new public warning signals

are the "alert" signal and the "take cover" signal. The first will be a long, steady blast on sirens, horns or whistles and will last from three to five minutes. It will warn everyone to listen for emergency information and instructions. The latter will be a three-minute fluctuating or warbling tone of varied pitch and will be a signal to take immediate cover in the best available shelter.

According to the Civil Defense, the old "all clear" will not be sounded after June 1 because it could prove to be a fatal thing if an area was contaminated by radioactive dusts.

A NEW CATHOLIC Church will be built in Youngsville, starting late this summer and costing about \$100,000. It will be 110 by 40 feet and will be located on North Main st. The church will replace the one at Irvine, and will be nearer the center of the parish which now is under the direction of Father Edward J. Jacobs, who now resides in Tidioute. He was assistant priest at St. Joseph's church in Warren from 1934 to 1941.

JALOPY RACES are being held on a new track, near Panama, with about thirty drivers expected to take part in the opener. These races are for the competitors who can't afford the more expensive, new model stock cars. The races are held Sundays at two.

LADIES GOLF finally beat the weather this week and country club competition opened yesterday. Helen Culbertson posted a 44 for the best score of the day, tied Ann Blackman for first in the first division hidden hole special, and tied with Ellie Voigt and Ann Blackman for net in the first division. Other hidden hole winners were Doris Hamilton in the second division and Mildred Angove in the third. Other low nets were Myrl Donaldson and Barbara DeFrees in the second, and Sally Gannoe in the third.

Damage was estimated at \$1000 and both drivers, along with Ernest Hoskins and Mrs. Romaine Williams, passengers, received treatment for minor injuries.

Schmader will appear in Quarter Sessions court at the county court house on Friday.

NEWSPAPERMAN William "Bill Lombard", who has been serving in the capacity of both city and sports editor of the Warren Times-Mirror for the past few months, has re-

signed his position and will leave the local daily at the end of this week. Mr. Lombard was the owner of a weekly newspaper at Blairsville for nine years before coming to Warren, but whether or not he will remain in the news field is still indefinite.

THE HEART ASSOCIATION of Warren County has elected W. F. Peterson, president; L. W. Krespan, president-elect; H. E. LaPoint, vice president; D. L. Curtis, secretary; and L. R. Gibson, treasurer.

A ONE-MILLION-GALLON reservoir tank that will permit the Warren Water company to increase its pressure from 80 pounds to about 120 pounds is to be erected on Tanner Hill located between Liberty and Market street extensions. The new tank will also allow the company to stabilize the water supply to a major part of the borough. Hammond Iron Works has been awarded the contract to construct the tank, which will be 66 feet in diameter and over 40 feet high. It should prove more favorable from both the fire protection and consumer standpoint.

REPORTED IN AN IMPROVED condition at Erie Hamot hospital is Paul Dell of 108 Roy st., Warren. A member of the State Police force and just recently transferred to Erie, the officer was seriously injured in an auto accident at Harborecreek on Saturday, May 12. A fellow officer and two occupants of the other vehicle involved, died in the crash.

It is hoped that Officer Dell can be transferred to Warren sometime next week.

THE HOT STOVERS met last night and considered rules which had been prepared by a committee. After long discussion the regulations were approved. They are the first written set of rules the organization ever has had.

The Stovers also learned that Wellsville will play Jamestown in Warren on June 9, as a substitute for Bradford. This will be an official Pony league game, and will be a benefit for the Hot Stove league. Wellsville is leading the Pony loop and should make it an even greater attraction.

CAPTURE OF ESCAPED CONVICT ENDS SEARCH

The search for an escaped convict, who terrorized the Jamestown, N. Y., area for nearly two days, was apprehended shortly before noon Wednesday by New York State police officials. Quietly captured when he was found sleeping under a tree near Boomertown, N. Y., was James Thomas Carter, 32. He was wanted for kidnaping and murder.

State troopers and other law officials had been conducting a round-the-clock search in the area for Carter since Monday evening when he and a companion kidnaped two Jamestown detectives. The two law men, who had stopped the two convicts in connection with a robbery, were handcuffed and forced into the rear of their car. The car was driven west of Jamestown and soon pursued by another law officer.

The car later crashed near Boomertown and allowed the detectives' release. The companion, James Dedrick, was accidentally shot and killed by Carter before the car crashed. Both men had escaped Saturday from Schuylar County Jail.

The loose convict caused a great deal of tension among residents of the area and several hundred law officers were put into action before the criminal was captured.

Members of the State Police and sheriff's department in Warren joined in the round-the-clock search.

FIRST BASEMAN Warnie Check waits for the peg from third that counted Mike Shanshala, left, out. The second baseman is Texas' Hud Berdine. Ray Ritchie is the base umpire and Bill Lord is coaching at first for Guiffre's. Texas Lunch won, 15-5.

Funeral Directors To Cease Ambulance Service

A decision to cease ambulance service in Warren was reached Tuesday evening when Warren Borough Funeral Directors met in a dinner-meeting with other local officials. William E. Lutz presided over the meeting, which was also attended by Dr. Francis S. Ericsson, of the Warren County Medical association; George Geracimos, borough manager; Joseph Williamson, Warren General hospital administrator; and Leonard Hanson of the Warren Firemen Relief.

After the announcement of the directors' decision, which was prompted by cost of operation, the possibilities of a new service was discussed. Suggestions included ambulance service operation by the municipal government, community chest and hospital. It was also suggested that the borough have a community owned ambulance.

A committee has been appointed to formulate a plan which would be presented at another meeting to be scheduled within two weeks.

BILL BROWN TALLIES for Texas Lunch in the early innings of the Hot-doggers' 15-5 game over Guiffre's at the State Hospital Monday evening. Monk Murphy, partially hidden by Catcher Mike Shanshala, was unsuccessful in reaching home when he was tagged by Pitcher Steve Peroski, right, in a close play.

Broadcasting Telecasting magazine reports that the planting of plugs, a neat trick that was turned in the movies and then radio, now is quite common in tv. You find a plug specialist, the operator does his stuff, and you are given a recording of the results. Then you pay him

about \$250. Despite close editing, the plugs slip into copy and especially into ad libbing, coming out in the most natural manner on top tv programs.

ANOTHER GODFREY

Kathy Godfrey, sister of Arthur, has started a new program. This is Kathy Godfrey, over CBS and WBEN, Monday through Friday, at 11:30 a. m. She interviews three guests, a celebrity, a little less known figure, and someone outside the metropolitan area who has accomplished something in his own community.

A BELL

Barry Sullivan and Anna Maria Alberghetti will be seen in A Bell for Adano, Saturday night, June 2, at 9:30, over WBEN. Barry will be Major Joppolo and Miss Alberghetti will play the young Italian girl who falls in love with him.

ALL MOZART

The Mozart bicentennial festival, presented in Salzburg, Austria, Mozart's birthplace, will be seen on CBS, May 27, June 3, 10, and 17, from 2:05 to 3:30 p. m. Included in the programs will be music played on the 1780 piano on which Mozart played, and also his concert violin. The programs were recorded in the Great Hall of the famed Mozarteum and in the Salzburg Cathedral.

TV AUTOMATION

Sixteen men in what the trade calls "pulpits" operate the Lukens Steel Co. plant at Coatesville, Pa. Dials, switches, colored lights, and other gadgets are arrayed before each man, plus tv sets to enable him to check operations. Large sheets of steel move along the 600-foot alloy finishing line, with no one in sight. And the automation is making the plant its biggest profits. A man in a pulpit, electronic controls, and a tv for contact. That's not tomorrow. It's today!

BUT HOW MANY?

The supreme court has ruled that the Federal Communications Commission can limit the number of radio stations or tv stations one person can own. But it seems to leave the number up to the individual case and does not provide a standard. Apparently, each case is to be considered on its own merit. Formerly it had been thought that no one could own more than seven radio stations or five tv stations. The court says this is not so, but at the same time says it might be if the Commissioner were to decide that six tv stations owned by a certain man would be a bad thing.

DIAL FLIPS

THE FASTEST PICTURE service in news circles is claimed by WGR which now is a customer of United Press facsimile. This is supposed to bring the latest news of the world to you in a few minutes after it happens. It represents 21,000 miles of leased circuits, 5,000 cameramen, and 400 reporters.

NBC IS AFTER Lawrence Welk, says Ollie Howard in his Tel Am Chatter. And Mr. Howard, who is affiliated with WGR and its ABC network, shows signs of irk when he writes, "Television being what it is, it is strange that NBC, with all its high price creative talent, finds it necessary to go to ABC who has been fighting its way up with creative shows."

However, television being what it is, as is radio, the movies, and all competitive business, this column thinks it is completely consistent.

REDUCED TV and radio advertising may be in the plans for insurance. This is due to a recent decision that the federal government has supervision over such advertising.
